

# Apply now for the KSOP scholarship!

**ZEISS is proud to support international and national master students who are excited to study Optics & Photonics with scholarships at the Karlsruhe School of Optics & Photonics.**

## Scope of the Scholarship Program

The scholarship amounts up to 800€/month for international students and up to 400€/month for German students. Part of the scholarship is individual consulting and career coaching. Also you will get access to the ZEISS career network and exclusive events. In addition you will have the opportunity to work as a research assistant on a research project in one of the KSOP institutes.

## Duration

The scholarship is firstly admitted for one year of study. At the end of the funding period you have to prove your successful performance in the KSOP M.Sc. program through very good study results in order to extend the scholarship for a second year. Students in the second year of study can also apply. The scholarship is granted for a maximum until the end of the second year of study.

## Requirements & Application

You need to proof excellent study results, meaning that you belong to the top 10% of your class. Send your complete application until 17<sup>th</sup> of December 2017 to [KSOP Student Office](#), including the following documents:

- [Scholarship application form](#) (Please download it to fill in the information.)
- Letter of motivation (max. 1 A4 page)
- CV
- Verified transcript of records of KIT
- Bachelor certificates and transcripts

With your application you agree that your application documents are forwarded to the ZEISS HR department.

With more than 25,000 employees, ZEISS is one of the global leaders in the optical and optoelectronic industries and has been contributing to technological progress for more than 170 years. ZEISS develops and distributes lithography optics, industrial measuring technology, microscopes, medical technology, eyeglass lenses as well as camera and cine lenses and planetarium technology. The broad product portfolio ensures that ZEISS employees are constantly faced with new, inspiring challenges. As a high-tech company and global technology leader, ZEISS offers exciting challenges and an international work environment. At the same time, as a company of the Carl Zeiss Foundation, ZEISS represents stability and bears a special responsibility for its employees and society.
